Alternative wellness therapies are an important category in the beauty business. If you have clients who want relief from stress, anxiety, constant mental chatter and more, you can provide energy rejuvenation treatments to book clients on a weekly basis.

Want more balance in less time...without all the hand positions?

If you like Reiki 1 but want a quicker and more energized way to do treatments—then Reiki 2 can help. In this class you will learn how to perform full body treatments on up to three people at a time in just 15 minutes. Add to this to a growing trend in the beauty industry — collecting and healing with gemstones. You will learn how to:

- Learn how to design and promote “wellness treatments” into your current menu.
- Perform “Energy Make-Overs” in 15 minutes!
- Show “before and after” results to clients.
- Clear energy in rooms, spaces and objects.
- Send Reiki to friends and family at a distance.
- Incorporate crystals and gemstones into treatments.
- Clear negative emotional and mental aspects—including depression—that keep you stuck.
